

2026 Sunday Night Net Control Schedule

Current Net Control Operators:

N3PRO, Dave Hoffman n3pro@yahoo.com

N3LJP, Bill 1wg1@comcast.net

KC7MRY, John Stein wowbagger10@gmail.com , (717) 977-1846

K3WVU, Dwight Weidman ddweidman@outlook.com

If you are assigned a net and are unable to take it on a particular night, it is requested that you contact the President or Vice-President by phone or email and let them know ahead of time so that coverage can be arranged or that arrangements have been made for another club member to handle the net for that evening.

Emergencies do happen on occasion and it is requested that anyone taking control of the net as Net Control first check the www.W3ACH.com website and their email to ensure that the repeater is in normal operation and has not been locked out due to an active ongoing emergency. If the repeater has been declared to be in an Emergency Status, and there is an upcoming net that evening, **the Net is effectively suspended.** An announcement will be posted on the club's website and an email sent out letting people know that the repeater has been returned back to normal active status
